

• Reach new heights.

The Smooth-Star fiberglass door portfolio expands to include the popular 2-panel square top and 6-panel door styles in 7'0" height. Designed to fit more openings, the 7'0" doors offer new options for taller entries with the same crisp, clean contours of this smooth, paintable fiberglass door line.

Available February 2, 2015

Top: Smooth-Star Door – S210; Clear Glass with GBGs, Sidelites – S1170SL

Tru-Advantages

Market-driven design to win more business.

- Further capitalizes on trends toward new homes built with taller ceilings. Provides additional replacement opportunities for homes with existing 7'0" openings.
- On-trend 2-panel square top door style is designed to appeal to more customers within this popular smooth, paintable fiberglass entry door line.
- Classic 6-panel design is ideal for homes with traditional styling and fits a wider variety of glass shapes for more flexibility.

Aimed at creating sales opportunities.

- Versatile 7'0" doors can be used in multiple applications, including front entry, side, house-to-garage and hinged patio doors.
- Flexible 2-panel square top and 6-panel designs can be configured with existing glass product to create more than 350 new Smooth-Star door and glass combinations in the 7'0" height.
- Creates an interchangeable portfolio of 2-panel square top and 6-panel Smooth-Star door styles across 6'8", 7'0" and 8'0" door heights.

Smooth-Star Doors – The more attractive and durable alternative to steel.

- Ready to paint – no buffing or priming required; patented smooth texture gives the effect of fine sanded wood.
- Unlike steel, fiberglass won't dent or rust. Unlike wood, it won't warp or rot.
- A Therma-Tru fiberglass door system with genuine Therma-Tru components is backed by the industry's most comprehensive lifetime limited warranty.

*Solid-panel doors only.

Note: See your Therma-Tru seller or visit www.thermatru.com for details on available product sizes and options, limited warranties and exclusions, Tru-Defense Rider and ENERGY STAR qualified products.
